

Helping you dig safely

“No matter how small the job, always call 811. A call to 811 before any digging project gets your underground utilities marked for free so you can dig safely.”

FRANCISCO GARCIA
Gas Compliance Representative

Whether you're a contractor working on a major job site or a homeowner planting a tree in the yard, no job is too small—always call 811 at least two working days before you dig. One simple call gets underground utility lines marked for free and helps protect you from injury and expense.

Promoting the 811 program is just another step we're taking to ensure the safety of our gas system in your community. Visit pge.com/811.

Call 811

Get marked

Dig safely
