Think we recycled
42 million plastic bottles
last year for our health?

Absolutely.

You can now recycle all types of glass and plastic bottles, paper, metal cans, glass jars, and aluminum foil and pie tins. This is just one of the ways you can help us achieve our goal of increasing San Francisco's recycling to 75%. Which means less pollution and less landfill. It's all part of our effort to make the city we call home a healthier place to live. And that should make everyone feel better.
